No More Dust.

VETERAN DUST EXTERMINATOR SWEEPING COMPOUND

is the successful result of years of diligent study and careful experiment. It is not a liquid, but is manufactured in granulated form. An every day necessity, not a luxury. It absorbs dirt and prevents dust from rising during the process of sweeping. It makes bare floors clean and smooth, saves scrubbing, kills the dust and germs, brightens up old carpets and rugs, obviates disastrous consequences of an inevitable cloud of dust while sweeping the old way.

Used on Floors, Tiles, Linoleums, Oil Cloths, Carpets and Rugs, and possesses properties that firmly grip the dust and dry-cleans them.

Practically Indispensable for Dwellings, Offices, Stores, Warehouses, Public Buildings, Schools, Colleges, Hospitals, Churches, Theatres, Halls, Restaurants, Hotels, Factories or whatever microbe-infested dust accumulates on floor space.

It is inexpensive; pays for itself by saving hundreds of dollars in damaged goods each year, and it is guaranteed to do the work of exterminating dust.

Dust Breeds Consumption. Dust is extremely disagreeable as well as dangerous, everybody admits that and argument is unnecessary. Dust is destructive, hence the necessity of using a Sweeping Compound of Established reputation and dependable quality, being guaranteed Antiseptic and a Disinfectant.

Carpets, Rugs and Art Squares

Why take up carpets and best them to pieces when the Veteran Dust Exterminator Sweeping Compound will gradually clean them where they are and bring back their original colors on the floor without taking them up?

This sweeping Compound does not lay the dust, but removes it from the floor by absorption. No dust rises and sweeping becomes an unalloyed pleasure instead of nasty drudgery.

FRIDAY EVENING, MAR. 4, 1910.

NEW PINE TREE NURSERY F. B. MONTANA.

A few weeks hence, when the frost is out of the ground, the Department of Agriculture will plant a new guide to raise a million and a half pine seedlings.

The Savenac nursery, the twelfth of its kind established by the Department of Agriculture for its forest work, is situated in the Lolo National forest on Stevens creek, Montana, near De Bug's. The ground was plowed and harrowed last fall, the irrigation ditches run, and an ample water system installed. The tract will be laid out in 150 beds, each four feet by twelve. Over three will be broadcast the best of the seeds of native conifers gathered in the forest the past summer. To prevent mice and birds from eating the seeds each bed will be protected by a lath and wire frame. This will also serve to shade the delicate plantlets during the tender period of their first year's life. A water system will supply the means of sprinkling the seeds and irrigating the young trees during the warmer, drier months. One man will be kept constantly at work watering the thirsty soil and there's caring for his interest in charge.

The Savenac nursery will have an annual productive capacity of 1,500 seedlings. When one year old, beginning probably in the spring of 1911, these will be set out in transplant beds, where they will be expected to develop in two more years into respectable young trees. Then they will be removed to their permanent home in the hills of the Lolo National Forest. Planning and direct seeding will be done on the great burned area of the Coeur d'Alene branch, and also on extensive burns around the headwaters of the Rattlesnake river in the Missouri Forest. The work is destined to add to the national timber supply in the coming years and to aid in the regulation of the flow of Montana waters. The Savenac nursery will bring the aggregate annual plant-producing capacity of the twenty-five National Forest nurseries up to ten million seedlings.

Supporters who say they have tried everything without benefit are the people we are looking for. We want them to know from glad experience that Ely's Cream Balm will conquer Cold in the Head, Hay Fever, and obstinate forms of Nasal Catarrh. This remedy acts directly on the inflamed, sensitive membranes. Cleansing, soothing and healing. One trial will convince you of its healing power. Price 50c. All druggists, or mailed by Ely Bros., 55 Warren St., New York.

DRY GOODS

SPRING GOODS

BECKON

With Charming New Styles.
Easter is Not Distant.

Easter comes early this year. Interest in the new spring styles is already keen, and the buying especially of dress materials and the like is already active. The wise shoppers are coming here in preference to shop in Washington, because they say they find the best assortment, authoritative styles, dependable qualities, and our prices beyond a question of a doubt lower than our sister city.

For Evening Hours

The Rayo Lamp

Some of the sweetest hours of home-life are passed under the gentle, kindly light of the evening lamp.

If it be the Rayo Lamp, the light contributes an added charm—makes reading and sewing easy. There are no aching eyes after reading or sewing under the rays of the Rayo Lamp.

The Rayo Lamp diffuses a steady white light. It is the least trying of any artificial light. Made of brass throughout—nickel plated—improved central draught burner.

The Rayo is a low-priced lamp, but you cannot get a better lamp at any price.

Once a Rayo user, always one

When Fashion Reigns Supreme at Eastertide

the matter of suitable footwear is a matter of most important consideration. Unusually shoes will spoil the whole effect of the most elegant gown, or cause the best and fitted masculine garments to look untidy. Precure your shoes at Katz's, where the most approved and highest quality of gentlemen's and ladies' shoes are ready for your selection.

After stock taking we have placed on our Barrels Table a lot of Ladies' Misses' and Children's Shoes, ranging in price up to \$2.50 which we will sell at 50c a pair. The ladies' shoes are mostly small sizes.
